TECHNOLOGY BRIEF · MICROSOFT 365

Microsoft 365 Business Premium

the apps your team uses every day, plus the security that protects them, set up properly

Short answer: Microsoft 365 Business Premium is Microsoft's top plan for businesses of up to 300 users. It includes the Office apps, email, Teams and 1 TB of OneDrive storage per user, plus Intune device management, Defender for Business, Defender for Office 365 Plan 1 and Entra ID P1 with Conditional Access. The licence unlocks the protection; whedo.it switches it on, configures it and keeps it that way.

Why businesses choose it

- **Everything in one plan.** Desktop, web and mobile Word, Excel, PowerPoint and Outlook, business email, Teams, SharePoint and OneDrive.
- **Security that would otherwise cost extra.** Device management, endpoint protection, phishing protection and Conditional Access are included.
- **Install on the devices people use.** Each user can install the desktop apps on up to five PCs or Macs, five tablets and five phones.
- **Data protection built in.** Microsoft Purview Information Protection and data loss prevention for email and files.

What whedo.it does

Area	What we do
Licensing	As a Microsoft Cloud Partner (CSP) we supply the licences, match annual or monthly terms to each role, and keep your contract term aligned with Microsoft's commitment.
Identity	Conditional Access with MFA for everyone and legacy authentication blocked, using the Entra ID P1 included in the plan.

Area	What we do
Email	Defender for Office 365: Safe Links, Safe Attachments, anti-phishing and impersonation protection, and SPF, DKIM and DMARC enforced.
Devices	Intune enrolment, compliance policies, BitLocker encryption, update rings and Defender for Business.
Data	Sensitivity labels, data loss prevention and controlled external sharing in SharePoint, OneDrive and Teams.
Support	Users, mailboxes, Teams and SharePoint administered day to day by our Australian help desk.

Key facts

Fact	Detail
Price (whedo.it)	$41.97 per user per month on an annual commitment, or $47.97 month to month, excluding GST. Prices are subject to change.
Users	Microsoft 365 Business plans support a maximum of 300 users.
Storage	1 TB of OneDrive cloud storage per user.
Security included	Entra ID P1, Intune Plan 1, Defender for Business, Defender for Office 365 Plan 1 and Purview Information Protection with DLP.

Who it suits: any business with client data, staff on laptops or phones outside the office, or a cyber insurer asking about MFA, device management and email security.

Next step

Book a 30-minute scoping call. Send us your current licence list and we'll show you what's switched off. Warren Ephron · 0421 346 887 · warren@whedoit.com
